<u>After school</u>	English (after Christmas) Media catch up History (PB) French Spoken language studies (for targeted students – Nov-Dec)	STAFF MEETINGS	Maths revision (after Christmas) History ICT French Maths (for target students)	Geography (after half term) History Media RE Art Computer Science	German (week 2) Art *

All of these sessions have been set up to help you achieve your potential. It has been proven over recent years that students attending these sessions do go on to achieve higher grades. If you are expected to attend Maths or English sessions then please put these above your other revision sessions, as achieving a 4 or above in Maths and English is of the utmost importance for your entry into Post-16 education.

*Art drop in sessions are also available over lunchtime

*P9 is available for private study

May I also take this opportunity to remind you that staff run these sessions out of their wish for you to succeed and they are giving up their free time. Please check with them that the session is running and let them know that you would like to attend.
